

Request for custom check source

**FAX-
BACK
FORM**

To: Your local Eckert & Ziegler Nuclitec GmbH office for forwarding the isotrak Technical Service:
infoisotrak@ezag.com

From: Name: _____
Institute/company _____
Address: _____

Country: _____
Tel: _____
Fax: _____
Email: _____

Date: _____

Please send me a quotation for the following check source:

Radionuclide: _____

Nominal emission required: _____ particles/second

or

Nominal activity required: _____ Bq or _____ nCi

Active dimensions: _____

Dimensions of backing
plate holder: _____ (note: it is sometimes possible to fix
sources to holders supplied by yourselves)

Please write here a brief description of the application of the source, type of instrument to be checked and indicate if the source will be subject to extreme conditions (for example, high temperature/vibration/humidity/corrosive atmosphere). This may help us to offer alternative sources if we cannot manufacture to your exact specification.
